

THE **FREENOTES** DIFFERENCE HARMONY PARK™

The Original Concert-Quality Outdoor Musical Instruments

Freenotes Harmony Park instruments are not playground noisemakers. They are professionally tuned, American-made musical instruments designed to sound better, last longer, and invite people of all ages and abilities to create music together.

SOUND

Concert-Quality Music - Not Playground Noise

Precision Pentatonic Tuning (No Wrong Notes)

Every note sounds good together, so anyone, regardless of age or musical ability, can create music that feels successful and rewarding.

Expanded Musical Range (36 Notes)

More notes mean greater musical variety, richer compositions, and a more engaging experience than competitive systems with limited ranges.

Cable-Laced Construction

Precision cable lacing improves resonance and sustain, producing a clearer, more musical sound than welded or imported alternatives.

Designed by a Grammy- Award Winning Musician

Instruments are developed by a true music expert, ensuring authentic tone, real musical learning, and professional sound quality.

Controlled, Pleasant Volume

Sound is calming and inviting, not harsh, making Freenotes ideal for parks, schools, healthcare facilities, and community spaces.

BUILT TO LAST

Craftsmanship You Can Hear and See

Anodized Aluminum Components

Durable anodized finishes resist chipping, peeling, and flaking, even after years of outdoor use with mallets, reducing maintenance and replacement costs.

Precision-Crafted, Factory-Pre-Assembled Instruments

Simplifies installation while preserving sound quality and tuning accuracy.

ASTM-Compliant Instruments

Designed to meet playground safety standards, allowing installation within traditional play spaces.

MADE IN THE USA

A Smarter, More Reliable Investment

Manufactured in the United States

Higher quality control, superior craftsmanship, and reliable performance you can trust.

No Tariffs or Overseas Shipping Delays

Predictable pricing, faster delivery, and fewer supply-chain disruptions.

Local Support & Simplified Logistics

Responsive service and confidence that your partner will be here for the long term.

30+ Years as the Original Music Park Company

A proven leader and trusted authority setting the standard for outdoor musical play for generations.

SIMPLICITY

Easier to Design, Install and Deliver

Free Site-Specific Design Services

Visualize how your music park will look and sound in your space before installation.

Professionally Curated Ensembles

Pre-designed groupings ensure instruments sound great together and encourage collaborative play.

No Safety Surfacing Required

Lower upfront costs and greater flexibility in where instruments can be installed.

Pre-Assembled for the Factory

Simplifies installation while preserving sound quality and tuning accuracy.

Guaranteed 2 Week Shipping

Keep projects on schedule, even when timelines are tight.

WHY FREENOTES?

Because Music Quality Matters.

Freenotes Harmony Park instruments are an investment in professional music, lasting quality, and meaningful play—not disposable playground noise.

INCLUSIVE & EDUCATIONAL IMPACT

Music for Every Age and Ability

Designed for Multigenerational Use

Children, adults, and seniors can all play together in the same space.

Inclusive Mallets Available

More people of varying physical and cognitive abilities can fully participate.

Standards-Based Curriculum Included

Access instructional videos aligned with music education standards at no additional cost.

Best Practiced Design Guide: Natural Harmony

Confidence that your music park supports research-based learning, wellness, and community connection.
