

- Instruments can be laid out in any variation. This recommended layout is intended to offer the most interaction between players as possible.
- Instruments are arranged along a 16 foot and 11 foot diameter equally spaced, with the Tenor Tree at the center. A 3' perimeter is recommended around each instrument to allow for wheel chair accessibility.
- Instruments are to be installed in accordance with the manufacturer's specifications.
- Available mounting options:
  - Inground
  - Surface Mount
  - Portable Mount
