

Only Freenotes Harmony Park integrates physical instruments with standards-based, guided digital learning creating a complete, connected musical play experience.

## DEVICE HOLDER STAND

The Harmony Method™ Device Holder Stand is an exclusive Freenotes Harmony Park solution that delivers standards-based, guided musical learning at an accessible height, ensuring every user can engage with confidence.

By extending access to The Harmony Method™ beyond the instrument, it supports inclusive, self-directed exploration while encouraging creativity, improvisation, and meaningful musical play in any environment.

### AVAILABLE ON

- Lilypad Cymbals (Standard/Toddler)
- Tuned Drums (Standard/Toddler)
- Duet (Existing Installations)
- Yantzee (Existing Installations)

Tuned Drums

Lilypad Cymbals

### Why It Matters:

- Expands access to standards-based musical learning beyond the instrument
- Supports inclusive engagement for users of all ages and abilities
- Encourages longer interaction and deeper exploration
- Only available from Freenotes Harmony Park
